

ParentClass

```
classDiagram
    ParentClass <|-- ChildClassWithStreamOperator
    ParentClass <|-- ChildClassWithoutStreamOperator
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'ParentClass'. Below it are two boxes: 'ChildClassWithStreamOperator' on the left and 'ChildClassWithoutStreamOperator' on the right. A horizontal line connects the two child boxes, and a vertical arrow points from the center of this line up to the bottom of the 'ParentClass' box, indicating that both child classes inherit from the parent class.
